

# SHAPING AND SERVING A WHOLE INDUSTRY WITH THE RIGHT BLADES

**METKRAFT**<sup>®</sup>

METKRAFT has the experience and the expertise, with a full line of high-quality corrugator knives to serve the needs of the industry. Trusted by market leaders, we make OEM knives to be fitted onto some of the well-known brands in the corrugated industry.

These include: cut off and rotary shear knife sets, slotting knives, high-speed steel or carbide razor slitters and others.

Our knives can be customized to meet your specifications. We have extensive knowledge and capability to deliver custom blades that will satisfy your specific application.

With over 100 years of experience, METKRAFT is your reliable supplier of corrugator knives.

### Cut-Off Knives

Our Cut-Off knives have undergone years of testing and development, putting only the best materials and workmanship in its production. We offer cut-off knives and shear blades in plain or serrated cutting edge.

### Male Slotters

Durable male slot knives are made from select high-chrome, high-carbon tool steel. Built for long service life, our diverse line of male slot knives are precision ground to guarantee true-clean cuts over extended production runs. Our serrated male slotters feature a unique offset serrated tooth design, which leads to cleaner slots and longer blade life.

### Razor Slitters / Carbide Razor Slitters

Only the highest quality materials and workmanship are utilized in the manufacturing of our high-speed steel razor slitters and tungsten carbide razor slitters. On-machine sharpening stones and felt lubrication wicks complement our blades in the re-grinding process.

### Female Slotters

We offer a full line of female slotting knives and pinch rings.

All our products are sourced from the best materials, so you may be confident our quality is second to none.

METKRAFT has the experience, expertise and quality products for your knife and blade needs. Our staff is highly knowledgeable on all our product offerings, and are happy to assist you in choosing the best blades for your application. Along with our competitive prices and impeccable after sales service, we are certain you will get the best blades and the best value in our industry.

### Slitters

The industry leader in blade-to-blade slitting, we offer the right blade for the right job. Our slitters are made to exact dimensions to ensure performance for your cutting needs.
